IGSA Sport Rowing Regatta 2025

The Association of Heads of Independent Girls' Schools NSW trading as Independent Girls' Schools Association (**IGSA**) and its members' schools organises many individual and team sporting activities during the course of a year. Some of these are organised with IGSA Sport, a sub-committee of the Association of Heads of Independent Girls' Schools NSW (AHIGS), now trading as IGSA. Students participating in these sporting activities take part in practice and in competitions.

IGSA and its members' schools expect students to take responsibility for their own safety by wearing compulsory safety equipment, by thinking carefully about the use of safety equipment that is highly recommended and by behaving in a safe and responsible manner towards team members, opponents, spectators, officials, property and grounds.

IGSA and its members' schools Sport also expect parents, spectators and other participants to behave in a safe and responsible manner, to comply with the Codes of Conduct and to set a good example for the girls.

While IGSA and its members' schools take measures to make the rowing regatta as safe as reasonably possible for participants, there is a risk that students can be injured and suffer loss (including financial loss) and damage as a result of their participation in these sporting activities, whether at training or in actual events. Parents, spectators and officials could also be injured or suffer loss.

Such injury can occur while the student is engaging in or watching the rowing regatta, or travelling to and from the event. The injury may result from a student's actions, the actions of others, the state of the premises or equipment failure.

In particular, injury at the rowing regatta may result from slipping and falling, collisions with equipment and / or other participants, exposure to weather and water or being inadequately trained and / or prepared for the event.

On some occasions, an injury can be serious (such as torn ligaments, dislocations, back injuries, concussion, sunstroke, water inhalation / ingestion, trauma or broken bones). In very rare cases an injury can be life threatening or result in permanent disability. If a student has a pre-existing injury, participating in a sporting activity could result in an exacerbation of that injury.

Students could also suffer loss as a result of their personal property being lost, stolen, damaged or destroyed.

It is the responsibility of IGSA members' schools to ensure that all staff and volunteers undertaking duties at any IGSA Sport event have the required "Working with Children" clearance.

Eligibility

Senior Events are open to those competitors who are attending an IGSA members' school and enrolled in Year 11 or 12 in the year of competition.

Year 10 Events are open to those competitors who are attending an IGSA members' school and enrolled in Year 10 in the year of competition.

Year 9 Events are open to those competitors who are attending an IGSA members' school and enrolled in Year 9 in the year of competition.

Year 8 Events are open to those competitors who are attending an IGSA members' school and enrolled in Year 8 in the year of competition.

Rowing Up: All rowers are able to row up 1 age group (i.e. Year 10 can row in senior events, Year 8 can row in Year 9, etc.) but can only nominate to row in one race.

First Eight: Senior programs of 12 or more rowers are expected to row an eight. Where a school is able to row an eight, it must row as the First Eight. The First Eight will be rowed in heats and a final as the numbers of entries dictate.

Second Eight: The Second Eight is regarded as the second highest ranked boat in the competition. Schools are invited to boat a Second (and Third) Eight which should include senior squad competitors, i.e., competitors may “row up” into the Second Eight, however First Eight competitors may not “row down”. The Second / Third Eight will be rowed in heats and a final as the numbers of entries dictate.

Senior Four and Senior Quad: Schools are encouraged to take into consideration the physical ability of their rowers when deciding which of these events is most suitable to the individual competitor. Schools entering the Second Eight may rank their quads 2, 3, etc. and nominate them in the 2nd Quad race. Schools may only enter a Second Four if they have entered a First Eight.

Para Events: The Para events are open to students from any year group 7 - 12.

Year 10 Four and Year 10 Eight: Schools are encouraged to take into consideration the physical ability of their rowers when deciding which of these events is most suitable to the individual competitor.

Schools must enter their crews in consecutive divisions e.g. Quad 1 entered in Division 1, Quad 2 entered in division 2 etc. (with the exception of those entering a Second Eight see above). Any special grading requests are to be made to IGSA Sport prior to entries.
