## IGSA Sport Swimming and Diving Carnival 2025

The Association of Heads of Independent Girls' Schools NSW trading as Independent Girls' Schools Association (**IGSA**) and its members' schools organises many individual and team sporting activities during the course of a year. Some of these are organised with IGSA Sport, a sub-committee of the Association of Heads of Independent Girls' Schools NSW (AHIGS), now trading as IGSA. Students participating in these sporting activities take part in practice and in competitions.

IGSA and its members' schools expect students to take responsibility for their own safety by wearing compulsory safety equipment, by thinking carefully about the use of safety equipment that is highly recommended and by behaving in a safe and responsible manner towards team members, opponents, spectators, officials, property and grounds.

IGSA and its members' schools Sport also expect parents, spectators and other participants to behave in a safe and responsible manner, to comply with the Codes of Conduct and to set a good example for the students.

While IGSA and its members' schools take measures to make the swimming and diving carnival as safe as reasonably possible for participants, there is a risk that students can be injured and suffer loss (including financial loss) and damage as a result of their participation in these sporting activities, whether at training or in actual events. Parents, spectators and officials could also be injured or suffer loss.

Such injury can occur while the student is engaging in or watching the swimming and diving carnival, or travelling to and from the event. The injury may result from a student's actions, the actions of others, the state of the premises or equipment failure. In particular, injury at swimming and diving carnivals may result from slipping and falling, collisions with equipment and / or other participants, exposure to water or being inadequately trained and / or prepared for the event.

On some occasions, an injury can be serious (such as torn ligaments, dislocations, back injuries, concussion or broken bones). In very rare cases an injury can be life threatening or result in permanent disability. If a student has a pre-existing injury, participating in a sporting activity could result in an exacerbation of that injury.

Students could also suffer loss as a result of their personal property being lost, stolen, damaged or destroyed.

It is the responsibility of IGSA members' schools to ensure that all staff and volunteers undertaking duties at any IGSA Sport event have the required "Working with Children" clearance.

## Diver Classifications

### IGSA Sport Diver

An IGSA Sport diver is competing for their school in their correct age group or higher and can also trial for CIS. Additional dives may be required for some age groups.

They can only compete in one IGSA Sport age group and/or platform event.

They may dive in a higher age group for the IGSA Sport springboard competition or in the open platform, and trial as a CIS diver in their appropriate age. This is at the individual schools' discretion.

Each school may only nominate one diver for the Open Platform event (point scoring). CIS Platform trials will also be held within this event. CIS divers must compete within their appropriate age group only.

An IGSA Sport diver cannot compete in the team event.

### Team Diver

A team diver may only compete in the team event.

No IGSA or CIS diver may compete in the team event.

A team consists of a minimum of three (3) divers up to a maximum of six (6) divers.

A team diver can only perform a maximum of two (2) dives in the team event, regardless of division.

### CIS Diver

A CIS diver (CISD) is competing in the IGSA Sport CIS trials to be considered for selection in the IGSA Sport Representative Team for CIS, on springboard and/or platform and **only if they are of a competitive standard appropriate for CIS selection.** This will be at the discretion of the IGSA Sport Convener and Diving Committee.

A CIS Diver result is not included in the IGSA Sport point score nor will they receive medals.

A CIS Diver can only dive in the age group they turn this year for both springboard and/or platform and must complete the required CIS dives.

Division 1 – maximum twelve (12) CIS divers across all age groups for springboard and maximum nine (9) divers across all age groups for platform.

Division 2 – maximum three (3) CIS divers across all age groups for springboard and three (3) divers for platform.

### Clashes

Students competing in both swimming and diving must complete their list of dives prior to the conclusion of their age group. Referees must be informed.
