## General Information

- ✓ All students are to compete in their regulation school athletics uniform.
- ✓ Students must report to the start line 10 minutes prior to their event.
- ✓ Each student will be issued with a unique timing bib which they must attach to the front of their running shirt with the included pins.
- ✓ All students must run in their correct age group.
- ✗ **No spikes are to be worn.**
- ✗ **No phones, ear buds/phones or similar are to be used during the event.**

**All competitors are expected to know the IGSA Sport cross country course.** Each competitor must walk the course in the morning and speak to school staff if any part of the course appears unclear. No special consideration for the carnival point score, or IGSA Sport representative team, will be given to a student who is at fault of running the wrong course or doesn't follow course directions.

## **Start Line Management**

Each school is allocated a start line position for each age group. Starting positions are rotated for each age group in each year of competition; some schools may share positions dependent on entry numbers.

## **Finish Line Management**

There will be timing mats at the finish line that officially record the time of the athlete as they pass over the finish line. Their time is not recorded until they pass the finish line. Official finishing places are determined by the timing system.

Athletes are to leave the finish area as soon as possible after they have finished the race to keep the finish area free.

## **Results**

The first three competitors per school are used to calculate the team's point score. If a school has no runners, or only 1 or 2 runners, they are awarded the last place + one to make up the result. E.g. 60 runners in race then a school with no runners would be allocated 3 X 61 points = 183; a school with 2 runners would get 61 + the place points for the students that finished. The team with the lowest points is the winner for that particular age group.

An overall school point score will be tallied. The school with the lowest point score will be awarded the Champion School trophy.

## **Protests**

Any protest must be lodged in writing immediately after the race. Protests may only be lodged by Heads / Directors of Sport. All protests will be heard by the IGSA Sport staff, the IGSA Sport Cross Country Conveners and Head / Director of Sport from the school involved. The decision will be made during the carnival.

## **Medals and Trophies**

### **Trophies**

All trophies are to be returned on the day of the carnival – CLEANED and ENGRAVED.

School Champion

*(Donated by St Catherine's School)*

Pymble Ladies' College

Kincoppal – Rose Bay

### **Medals**

Medals will be presented on the day to the following;

- Individuals placing 1<sup>st</sup>, 2<sup>nd</sup> & 3<sup>rd</sup>
- Teams placing 1<sup>st</sup>, 2<sup>nd</sup> & 3<sup>rd</sup> (calculated from the highest 3 individual placings from that school).

The Champion School trophy will be presented on the day to the school who receives the lowest point score based on the results from all age groups.

The Most Improved School trophy will be presented to the school who improves their placing from the previous year by the most places.

## **Representative Team**

The IGSA Sport Representative Cross Country team will be selected post event. IGSA Sport can send 15 individual runners and two teams per age group to the CIS Championships.

Placing in the top 15 does not guarantee automatic selection, however IGSA expects that all runners who compete at IGSA are available for selection for CIS, barring those schools who do not use CIS as their pathway.

The top two eligible teams per age group (consisting of four athletes from the same school) will be selected into the IGSA Sport team for the CIS Championships (in addition to the 15 individuals), to compete in the teams event (see IGSA Sport Representative Sport Policy).

## **Multi-Class Athletes**

IGSA Sport will hold a 3km multi-class event at the same time as the 11-12 years event. Students must be capable runners who can complete the course in under 25 minutes. Runners will be eligible for medals however, points will not be allocated for this event.

Multi-class runners can also enter directly with CIS, as the IGSA carnival is not a pathway event.

### **Safety**

Schools are expected to take precautions to ensure the safety of all competitors.

Each school is expected to bring their own first aid kit and deal with minor injuries.

***All competitors must be fit and well prepared for this event.*** This is not a social event that students can just turn up to for fun. It is a selection carnival for the NSW CIS Championships and always attracts a high level of talent within our association.

Students who are carrying significant injuries will not be allowed to compete. Medical officers will not be available to do any sports strapping on pre-existing injuries.

If a competitor has been ill in the week leading up to the carnival, her school should not allow her to compete e.g. viral infection.

Students that use asthma puffers or epi-pens should take them with them when they run. Students should provide their own strapping tape if required. All competitors are responsible for their own pre-race medication.

### **Parking and access**

As you are driving into Mittagong, turn left at Fitzroy St (at the Grand Country Lodge).

- Turn left into Range Rd.
- Go over the bridge, and at the roundabout, take the 2<sup>nd</sup> exit (go straight).
