The WAG and RG Conveners will be responsible for working with Gymnastics NSW and organising the judging panels.

A compulsory judges' meeting will be held prior to the start of competition. (WAG and RG conveners to organise and attend.)

IGSA Sport will advise if tea, coffee & lunch will be provided for all judges. They will be paid for the sessions they judge, provided all required documentation is completed and returned to IGSA Sport.

Cross Stream Entries

Cross-streaming between artistic and rhythmic will be allowed for all WAG levels, so long as it is safe to do so and it can be managed between the WAG and RG programs on the day.

If the cross streaming involves only one level up or down, consultation is not required however schools will be required to indicate the gymnasts who are cross-streaming on their entry forms.

If the cross streaming involves MORE than one level up or down, permission must be sought from IGSA and the RG and WAG conveners before submitting this entry.

Dress

Official school leotards must be worn by all competitors. This includes elite gymnasts. If a school has more than one student, students should have matching leotards. Students in rhythmic groups must be dressed identically. Schools who do not currently have an official leotard should organise matching ones in advance. Club leotards must not be worn. (Plain black leotards can be purchased very cheaply from retail outlets.)

Coaches are expected to wear appropriate school sports clothing (not club attire).

All officials on the competition floor MUST supply a relevant WWC number prior to the competition.

Women's Artistic Gymnastics Information (WAG)

Entries

Each school is allowed to enter a maximum of 12 entries. A full line is considered one entry. The line may be anywhere from level 3 and above.

For example, a school could enter 12 full lines in level 3 or 12 full lines in level 10 or any combination they wish as long as the total does not exceed 12. No split entries are allowed. (One line needs to be one level).

Any Future, Junior or Senior International level gymnasts must be entered at Level 10 national as all competitors compete national levels. Any State Level gymnasts must compete National Levels and appropriate deductions for any missing skills will be applied.

Scoring

Raw scores will be awarded for each competitor and each apparatus, based on NSW Gymnastics Judges code of points.

Level 3 – 10 gymnasts will be judged as per National Level code.

Level 9 and 10 Artistic will be judged as per the National Level code and requirements for their respective levels. However, apparatus point score points will be awarded as combined.

Gymnasts will be ranked in each level and apparatus based on their raw scores awarded by the judges. This final ranking (place) will be the points allocated to the schools point score. For example, if you finish first, one point is added to the schools point score.

Points are tallied and schools who do not have a complete entry (being 12 entries x 4 apparatus) will be allocated the maximum number of points set at 100 per event.

An overall school point score will be tallied and the school with the lowest point score will be awarded the Champion School trophy.

Requirements for Entry

A student must compete at the last level in which she competed. This must be a NSW sanctioned event and verifiable.

If she has not competed at this level in the past 12 months she may drop one level.

If she has not competed in the last two calendar years, she may drop back a maximum of two levels from the highest level at which she has competed. You can only drop a maximum of two levels during your secondary school years.

LEVELS 3 to 6. A coach may elevate a gymnast up a level/s as they see reasonable and safe. The rules concerning dropping a level remain as per the "Progression and Transitions" section below. Level 6 wishing to move to level 7 need to follow level 7 to 10 rules below.

LEVELS 7 to 10. For safety reasons, a student must only compete in the level and apparatus that she last competed in at a Gymnastics NSW Sanctioned Event in the year of competition.

A gymnast competing up a level in State Clubs or National Clubs is able to use this sanctioned event to then compete at this level for IGSA Sport or if the school wishes for them to compete at the lower level, they are also able to do this for IGSA Sport. This is following the Gymnastics NSW ruling regarding moving between levels from only these two NSW Events.

In extenuating circumstances, schools may apply to the IGSA Sport Staff for special consideration.

IGSA Sport will adopt the same rule as Gymnastics NSW regarding Progression and Transitions.

Please note:

- Students compete only against their level.
- No scores are dropped.
- Raw scores from each apparatus in each level will be used and then points will be awarded per place.
- Results are still divided into divisions as well as overall.

Changes to Entries

- No competitor may be re-entered once removed from the entries.
- Injured or ill competitors cannot be replaced during the event.

Only one WAG change is permitted to entries once they have been received by IGSA Sport. This change can take place any time between the final individual entry due date and before the day of the competition. No changes to entries will be permitted on the day unless accompanied by a medical certificate or letter from the Head of Sport. This must occur prior to the FIRST event and only ONE change per school is permitted.

Divisions

- Division 1 = TBC once entries are received
- Division 2 = TBC once entries are received
- Division 3 = TBC once entries are received
- IGSA Sport and the WAG Gym Convener will look at creating reasonably equal divisions using previous years' results, quality of the entry and the size of the entry.
- Divisions will be confirmed once **individual** entries have been received. Once a school has been allocated to a division, they will remain in that division regardless of any subsequent decrease in team size (due to illness / injury / misadventure). Should a school wish to increase their team size after the due date, consultation with IGSA Sport and the relevant convener will be required and may result in moving up a division(s). This will be dealt with on a case-by-case basis.

Routines

- Level 3 – 6: Routines are as per the current **“WAG Australian Levels Program Manual”** available from Gymnastics NSW.
- All start values for Level 3 – 6 National will have a start value of 10.00.
- For Level 7 – 10 Nationals Levels, please refer to the manual for all requirements.

Below are the music options for levels 3 – 6 which must be indicated on the individual entry form.

Level 5	1 = Saint	2 = 6 Feet Under

Scoring

Raw scores will be awarded for each competitor and each apparatus, based on NSW Gymnastics Judges Code of Points.

Gymnasts will be ranked in each level and apparatus based on their raw scores awarded by the judges. This final ranking (place) will be the points allocated to the school's point score. For example, if you finish first, 1 point is added to the schools point score.

Points are tallied and schools who do not have a complete entry (being **5 entries x 3 apparatus plus 1 trio or group**) will be allocated the maximum number of points, set at 100 for individuals **and 300 for trios and groups.**

The best result of a school's trio or group will be used if they have entries in both the Category 3 trio and Category 4 group.

Divisions

- Division 1 = schools that complete 5 entries (x 3 apparatus) plus at least 1 trio or group
- Division 2 = schools with less than 5 entries (x 3 apparatus) and 1 trio/group
- IGSA Sport & the RG Gym Convener will look at creating divisions with at least 6 - 8 schools and use the previous year's results, size of the entry, and the quality of the entry as a guide as well.
- Divisions will be confirmed once **individual** entries have been received. Once a school has been allocated to a division, they will remain in that division regardless of any subsequent decrease in team size (due to illness / injury / misadventure). Should a school wish to increase their team size after the due date, consultation with IGSA Sport and the relevant convener will be required and may result in moving up a division(s).
